## Public Notice

Our attention has been drawn to media reports regarding “sale” of Degrees by Alakh Prakash Goyal Shimla University and a letter purportedly written by the UGC, in this regard, to Himachal Pradesh government some months back.

The University categorically denies the allegations with utmost full responsibility. No such thing has ever happened in the Institution.

It is quite strange as how media reports mentioned such a high number of “fake” degrees allegedly sold by the university.

Our internal inquiries and scrutiny of the all records reveal that less than 2000 degrees have been conferred on the students, so far after they had completed their courses. We have submitted these details to the HP Regulatory Commission. We are open to any inquiry or verification by the Regulatory bodies .The updated records will also be uploaded on our website within next few days

The news reports, are, thus totally wrong, false, manufactured and fabricated aim to malign the name of the AP Goyal Shimla University. Such an impression, we feel, is not in the interest of the students and general public.

The Alakh Prakash Goyal Shimla University has earlier also issued public notice on September 13, (The Tribune) offering for the verification of the degrees issued by the University.

We understand that there are some vested interests behind such a campaign willfully carried out against the university. The University has already lodged complaints against such elements, and reported about them to the competent authorities.

We welcome any inquiry, if so desired as we are committed to maintaining a high degree of academic principles and assure that no compromise will be made with the norms and statues.
